

Product Sheet

Escherichia coli (ATCC® 47076™)

Please read this FIRST

Storage Temp.
-80°C or colder

Biosafety Level
1

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: *Escherichia coli* (ATCC® 47076™)

Shipping Information

Frozen glycerol stock of *E. coli*

Description

Designation: MG1655

Deposited Name: *Escherichia coli* (Migula) Castellani and Chalmers

Genotype: F- lambda-

Product Description: This is a host strain with well-characterized restriction maps for NotI, SfiI, XbaI and BlnI. It can be used as a molecular size marker for pulsed-field gel electrophoresis (J. Mol. Biol. 232: 419-445, 1993).

Derived from the parent strain W1485 by curing of the F plasmid. (J. Bacteriol. 174: 558-567, 1992)

Genbank numbers associated with this host: L10328, M87049, L19201, U00006, X54797, X64592, X72920.

Depositor: George Weinstock, Department of Biochemistry, University of Texas Medical School, Houston, TX

Genotype: F- lambda-

Propagation

Medium

ATCC® Medium 1065: LB Agar/Broth, Miller

Growth Conditions

Temperature: 37°C

Propagation Procedure

Transfer a loopful to a test tube containing 5 mL LB broth. A loopful of culture can also be streaked on an LB agar plate. Incubate cultures at 37°C. Isolate DNA using standard plasmid preparation procedures.

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Additional information on this culture is available on the ATCC web site at www.atcc.org.
