

Customer Acceptance of Responsibility (CAR) for Commerce Control List (CCL) Biological Materials

On behalf of the Institution identified below, we acknowledge that the materials requested from American Type Culture Collection (ATCC) are listed on the U.S. Department of Commerce, Commerce Control List (CCL) as a dual-use commodity with the potential for use as a bioweapon or in a bioterrorism event. We also recognize that these materials represent a potential hazard to the public health and/or agriculture of the United States, that ATCC has chosen to release items listed on the CCL for domestic use only, and that exporting of these materials from the United States without a valid export license is a violation of 15 CFR Parts 730-774 with penalties up to \$ 250,000 per violation plus imprisonment.

On behalf of the Institution, we hereby represent that our Institution shall: (1) ensure that only qualified scientists work with these materials in proper facilities; (2) provide sufficient internal security to assure access to these materials only by those individuals authorized to work with them; (3) not transfer, export, resell, or otherwise dispose of any items supported by this statement to any third party under any circumstances without express written authorization from ATCC and the appropriate government agencies; (4) not permit access to the materials by foreign nationals when to do so would constitute a violation of export control laws; (5) maintain adequate insurance coverage for liability to any party that might be injured by release of these materials; (6) comply with all applicable federal, state, or local laws and regulations pertaining to these materials or their handling, storage, use, transportation; and (7) destroy all materials according to accepted practices for destruction of microbiological cultures upon completion of work.

We understand that by providing this signed form to ATCC we are accepting responsibility for these agents and all risks associated with handling of them in our facility, as well as any adverse events resulting from our violation of the security requirements or unauthorized dissemination of the agents.
