## Description

### Product Description:

Trypticase soy broth (TSB) with 10% glycerol (v/v) is used as a freeze medium for storage of nonfastidious bacteria, fungi, and yeast. Product is provided in an individual unit of use (1.0 mL).

Volume: Package of 12 (1.0 mL/ vial)

## Directions for Use

1. Add a swab or loop full of a growing bacterial culture to the TSB/glycerol vial.
2. Mix the cells by gently swirling or rotating the swab/loop in the freeze medium.
3. The culture in freeze medium should be placed at -80°C for long-term storage.
4. For retrieval of culture, thaw the vial and use the contents to inoculate the appropriate broth or agar medium.

### Quality Control Specifications

Test/Method	Specification	Results
Sterility Testing*	Sterile	Pass

\*Each lot of Freeze medium is tested for sterility by sampling the final packaged vial.

Test/Method	Specification	Results
<b>Sterility Test</b>		
14 Day Incubation	No Growth	No Growth

## ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

## Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans.

While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.
