Description

Designation: NJ-3

Deposited Name: *Enterococcus faecalis* (Andrewes and Horder) Schleifer and Kilpper-Balz

Genotype: vanB ant(6)-I aac(6') aph(2''')

Product Description:

Resistant to vancomycin. Sensitive to teicoplanin.

Propagation

Medium

ATCC® Medium 2174: Brain heart infusion medium with vancomycin 4 mcg/ml

Growth Conditions

Temperature: 37°C

Atmosphere: Aerobic

Propagation Procedure

1. Open vial according to enclosed instructions.
2. Using a single tube of #2174 broth (5 to 6 mL), withdraw approximately 0.5 to 1.0 mL with a Pasteur or 1.0 mL pipette. Rehydrate the entire pellet.
3. Aseptically transfer this aliquot back into the broth tube. Mix well.
4. Use several drops of the suspension to inoculate a #2174 agar slant and/or plate.
5. Incubate the tubes and plate at 37°C for 24 hours.

Notes

This organism will grow on Brain Heart Infusion without vancomycin and on TSA with 5% sheep blood. We recommend that this strain be grown on #2174 to maintain resistance to vancomycin.

Quality control strain used in screening tests for high-level aminoglycoside resistance and vancomycin resistance in *Enterococcus* spp.

Low-level vancomycin-resistant, VanB. Genotype: vanB ant(6)-I aac(6') aph(2''')

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

ATCC® products are warranted for 30 days from the date of shipment, and this warranty is valid only if the product is stored and handled according to the information included on this product information sheet. If the ATCC® product is a living cell or microorganism, ATCC lists the media formulation that has been found to be effective for this product. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this product. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate.

This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC

Product Sheet

Enterococcus faecalis **(ATCC® 51299™)**

is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of materials on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of such materials.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org
