

Product Sheet

pGRN145 plasmid in *E. coli* GC10 (ATCC[®] MBA-141[™])

Please read this FIRST

Storage Temp.
Store unopened frozen vial at -80°C. Thawed material can be stored at 4°C for up to one week.

Biosafety Level
1

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.

Citation of Strain

If use of this culture results in a scientific publication, it should be cited in that manuscript in the following manner: (ATCC[®] MBA-141[™])

Shipping Information

Frozen glycerol stock of *E. coli* GC10 containing the plasmid

Description

Eukaryotic expression plasmid containing the human reverse transcriptase cDNA.
Designation: pGRN145 plasmid in *E. coli* GC10

Insert Information

Gene: Telomerase reverse transcriptase (TERT)
Source: Human
Insert size (kb): 3.398
GenBank accession: NM_003219

Vector Information

Total size (kb): 14.002
Bacterial selection marker: cmlR

Features:

hTERT: 4225-7623
HygB: 9216-10238 (complementary)
CatR: 10822-11480
AmpS: 12941-13799 (complementary)
PAC: 368-964 (complementary)
F1 ori: 11501-11685 (complementary)
MPSV: 3643-4119 (promoter)
Ori: 12165-12747

Restriction digests of this clone gave the following sizes (in kb): HindIII/KpnI - 10.5, 3.5; EcoRI - 10.6, 3.4; XhoI - 12.0, 2.0.

Propagation

Streak a loopful of culture on an LB + 37 µg/mL chloramphenicol agar plate. Incubate cultures at 37°C. Isolate DNA using standard plasmid preparation procedures.

Medium

ATCC[®] Medium 2585: LB Medium (ATCC medium 1065) with 37 mcg/ml chloramphenicol

References and other information relating to this product are available online at www.atcc.org.

Biosafety Level: 1

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the Biosafety in Microbiological and Biomedical Laboratories from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC[®] products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has
