Description

Strain: 653514
Classification: *Rhabdoviridae, Vesiculovirus*
Original Source: Serum from adult female, India, 1965
Depositor: Yale Arbovirus Research Unit

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
Suckling mouse (i.c., i.p.)
Effect on Host:
Death in host animal

Growth Conditions
Incubation: 1-3 days

Comments

No HA produced. Material from preparation of 20% sMb in PBS with 7.5% BSA.

References

References and other information relating to this product are available online at www.atcc.org.

Key Abbreviations

°C, degrees Celsius
CE, chicken embryo
HA, hemagglutination
i.c., intracerebral
i.p., intraperitoneal
LD[50], median lethal dose
M, mouse
PBS, phosphate buffered saline
sM, suckling mouse
sMb, suckling mouse brain

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy.
