Description

Strain: pUCSV40-777-1 [molecular clone of Simian virus 40, SV-40]
Classification: Polyomaviridae, Polyomavirus
Common Name: Simian virus 40
Depositor: JA Lednicky

Batch-Specific Information

Refer to the Certificate of Analysis for batch-specific test results.

Propagation

Propagation Host:
E. coli XLI-BLUE
Medium:
Host medium: LB broth with 50 µg/mL ampicillin

References

References and other information relating to this product are available online at www.atcc.org.

Key Abbreviations

AMP: ampicillin
AMP^R: ampicillin resistant
E. coli: *Escherichia coli*
Kb, kilobase
LB broth: Luria-Bertani broth
TE: 1X (10 mM Tris-Cl, 1 mM EDTA)
mg (µg): micrograms

Biosafety Level: 2

Appropriate safety procedures should always be used with this material. Laboratory safety is discussed in the current publication of the *Biosafety in Microbiological and Biomedical Laboratories* from the U.S. Department of Health and Human Services Centers for Disease Control and Prevention and National Institutes for Health.

ATCC Warranty

The viability of ATCC® products is warranted for 30 days from the date of shipment, and is valid only if the product is stored and cultured according to the information included on this product information sheet. ATCC lists the media formulation that has been found to be effective for this strain. While other, unspecified media may also produce satisfactory results, a change in media or the absence of an additive from the ATCC recommended media may affect recovery, growth and/or function of this strain. If an alternative medium formulation is used, the ATCC warranty for viability is no longer valid.

Disclaimers

This product is intended for laboratory research purposes only. It is not intended for use in humans. While ATCC uses reasonable efforts to include accurate and up-to-date information on this product sheet, ATCC makes no warranties or representations as to its accuracy. Citations from scientific literature and patents are provided for informational purposes only. ATCC does not warrant that such information has been confirmed to be accurate. This product is sent with the condition that you are responsible for its safe storage, handling, and use. ATCC is not liable for any damages or injuries arising from receipt and/or use of this product. While reasonable effort is made to insure authenticity and reliability of strains on deposit, ATCC is not liable for damages arising from the misidentification or misrepresentation of cultures.

Please see the enclosed Material Transfer Agreement (MTA) for further details regarding the use of this product. The MTA is also available on our Web site at www.atcc.org

Product Sheet

Simian virus 40 (ATCC® VRMC-31™)

Please read this **FIRST**

Storage Temp.

Biosafety Level
2

A black rectangular box containing two white icons. The top icon is a thermometer, and the text "Storage Temp." is to its right. A horizontal dashed line separates this from the bottom icon, which is the biohazard symbol, with the text "Biosafety Level 2" to its right.

Intended Use

This product is intended for research use only. It is not intended for any animal or human therapeutic or diagnostic use.
